## ROUMANIAN FORCES MEET WITH SUCCESS PETROGRAD ASSERTS

By Associated Press Dispatch.  
Reports from Petrograd today indicate a considerable measure of success by the Roumanian northern army in holding up the Teutonic advance northeast along the railroad from Ploechti, north of Bucharest, to the town of Buzeu, located at about the center of the Buzeu river line, which stretches eastward to the lower reaches of the Danube.

Meanwhile, the Russians are hammering away at the Austro-German lines on the western frontier of Moldavia, and report making headway in the valleys running toward the west.

Their object apparently is not only to hold the Moldavian frontier safe, but possibly to achieve an eventual success in breaking well through into Hungary and cutting in behind the Austro-German supply lines leading into Roumania from the north.

There has been little fighting of an important nature on the other fronts.

In Macedonia the Serbians report having driven the Bulgarians back in one sector northeast of Monastir.

On the Franco-Belgian front little has developed beyond artillery activity in the Somme area and aviation operations on a considerable scale.

David Lloyd George, the new British Premier, is ill, suffering from a severe chill, and has postponed his speech in the House of Commons, which it had been planned for him to deliver Tuesday, outlining the policy of the new government. Probably the speech will be made Thursday.

Berlin today reports that pursuit of the Roumanians is continuing as planned by the Teutonic command, despite heavy rains and the destruction of bridges behind the retreating troops.

Resistance was encountered at some places, but this was overcome, it is declared. The capture of several thousand additional prisoners is announced. Another heavy attack by the French and Serbians on the Macedonian front northeast of Monastir was repulsed, according to German army Headquarters.

## ALLIES FRAME GREEK ULTIMATUM

Will Probably Be Delivered Tomorrow.

(Associated Press Cable.)  
London, December 11.—The latest reports from Athens say that the note of the Entente governments to Greece is ready and undoubtedly will be presented tomorrow.

The note will be short, in the nature of a preliminary to a second note which will contain more detailed demands.

It is indicated that the demands on Greece may require complete demobilization of the army, restoration of control by the Entente over the post, telegraph, and railways, and the release of the imprisoned Venizelists.

Advices from the British minister indicate that conditions are more calm.

## BELIEVE NOW IMPRISONED MEN DEAD

Moans and Cries of Buried Firemen Cease.

By Associated Press Dispatch.  
Toledo, O., December 11.—Captain Edward J. Welch and Albert D. Urie, city firemen buried this morning in the wreckage of the Paddock Merchandising Company building, have been given up for dead.

Their groans have ceased, and their bodies have disappeared from view in the basement filled with debris and flooded with six feet of water.

Rescuers are still attempting to extricate Fireman Henry J. Pratt. He is held down by massive timber.

A large spike penetrated his back to the spine, it is believed. He whispers to rescuers that he probably is paralyzed. Three others are injured less seriously.

By Associated Press Dispatch.  
Akron, O., December 11.—Jean Clark, three years old, and James Clark, aged one year, children of Mr. and Mrs. Earl W. Clark, of this city, were burned to death in their home here early this morning.

An explosion occurred in the furnace, and in five minutes the flames had gutted the house.

Clark was out of the house when he heard the explosion. His wife and children were sleeping on the second floor. He was able to rescue his wife and one child, but a wall of flames trapped the other children in their rooms.

## MANN OR CLARK WILL BE SPEAKER BUT THEY'RE NOT WORRYING OVER IT

MINORITY LEADER MANN AND SPEAKER CLARK

One of the two prominent men in the picture will be without doubt the speaker of the house in the Sixty-fifth congress, whose members were elected last month, if he lives. But, which one? Neither James R. Mann of Illinois (at left in picture), nor Champ Clark of Missouri will have a majority of votes, save by combination with independent members. Both

of New York courts annulling a state franchise given to the Long Sault Development Company for an immense power project in the St. Lawrence River was put into force and operation today by the Supreme Court, which dismissed the corporation's appeal.

Lack of federal jurisdiction or presentation of federal questions were the grounds given.

## BASE BALL TO THE FORE

By Associated Press Dispatch.  
New York, December 11.—The most important week of the winter for organized baseball opened today with a meeting here of the International League.

The annual session of the National League will be held here tomorrow, and after this will come the annual assembling of the American League magnates in Chicago.

The most important business before the International League is the adoption of the double schedule, which calls for a season of 112 games ending August 5 and a 48 game schedule with the American Association.

## OXLEY HALL GIRLS WILL HELP NEEDY

By Associated Press Dispatch.  
Columbus, O., December 11.—The girls of Oxley Hall, at Ohio State University, have cancelled their formal ball, scheduled for February 28, and announce that instead of buying expensive dresses with the money, they will give it for relief of wounded soldiers in the relief camps of Europe.

the Republican party and the Democrats were disappointed by failure to elect a majority of house members. Clark is the present speaker, and Mann is leader of the Republican house minority. The Sixty-fifth congress will not convene until December, 1917, unless called into special session by the president after the expiration of the present congress on March 4, 1917.

## MINING WORLD IS INTERESTED IN COURT DECISION

By Associated Press Dispatch.

Washington, December 11.—In a decision regarded as of much importance in the mining world, the Supreme Court upheld a patent for the flotation concentrating process of the Minerals Separation, Ltd., a British corporation extensively used in many countries.

Frank J. Hayes, vice president, has no opposition. The result will be known about January 1st.

## OHIO MINERS

John Moore will be reelected president of the Ohio miners, without opposition, at the referendum election tomorrow.

## IMMUNITY HOLDS GOOD

By Associated Press Dispatch.

Washington, December 11.— Appeals from the New York Federal Court ruling granting immunity to John L. Billard, William Skinner and James S. Elton in the New Haven railroad prosecution were dismissed today in the Supreme Court by the Department of Justice.

The Government contended they were not entitled to immunity for having testified in the Inter-State Commerce investigation.

The decision does not affect further action against William Rockefeller and other New Haven directors, whose trial for criminal conspiracy to violate the Sherman anti-trust law, more than a year ago, resulted in a disagreement of the jury.

Solicitor General Davis said today he thought no further effort would be made to prosecute Billard, Skinner and Elton.

## INFORMATION ON THE MARINA IS IN

By Associated Press Dispatch.

Washington, December 11.— Announcement was made at the State Department today that complete information now at hand covering the case of the British horse ship Marina, torpedoed with a loss of six American lives, makes it appear to be a "clear cut" violation of German pledges to the United States.

Full information on the case of the Arabia will be awaited before the next move is made, which is expected to take the form of a new note intended to clear up what appears to be differences of interpretation on what Germany's pledges in the Sussex case actually covered, and especially with reference to armed ships.

## OIL TANK CARS ORDER ENJOINED

By Associated Press Dispatch.

Washington, December 11.—(Bulletin)—The Inter-State Commerce Commission, the Supreme Court decided today, is without authority to compel railroads to furnish oil tank cars to shippers.

## HOW TO SEND XMAS TO BOYS ON BORDER

Some questions have been asked as to the Christmas shipment to Company M, on the Mexican border, which the Dutch Treat Club will make on Thursday of this week. In answer to these we find:

First.—Packages can be marked for an individual in the Company, and they will be delivered just as marked.

Second.—Perishable and breakable goods such as canned fruit, pickles, etc., must be brought upwrapped. A label can be pasted on the can or bottle, telling to whom to deliver. All goods of this kind will be packed as securely as possible in boxes by themselves, so if any breakage should occur, nothing will be damaged or stained by the juices.

Third.—The privacy of every package will be absolutely respected.

Fourth.—Donations of reading matter, eatables, tobacco and in fact anything for immediate use, will be accepted for the Company at large in addition to the individual packages described above.

Fifth.—The Dutch Treat Club will pack all packages of all kinds as carefully and securely as possible, and will forward by express, charges paid by the Club, direct to the Company.

Sixth.—All packages and gifts for the Company must be delivered to the Y. M. C. A. by Thursday noon of this week, December 14th.

HENRY BROWNELL.

## 20 POUND CARCINOMA KILLS BOY OF SIX

Little Gale Peiser, six-year-old son of Mr. and Mrs. Oscar Peiser, of near New Holland, died Sunday after a few weeks of severe suffering the result of a carcinoma attached to a kidney, the intestines and interior walls of the abdomen. At death the growth weighed 20 pounds, or more than one-third the normal weight of the little lad.

The carcinoma was discovered several months ago and the lad taken to a Columbus hospital. An operation was performed but when the unusual nature of the affliction was discovered the incision was closed up and the lad was later returned home with a slow death before him.

His appetite and health apparently were normal, with the exception of the rapidly growing carcinoma, which finally greatly interfered with his breathing and literally suffocated him.

## WIFE BEATING BEE WAS BUSY SUNDAY

## FIREMEN ARE BURIED IN DEBRIS

By Associated Press Dispatch.

Toledo, O., December 11.—At least four firemen were buried under debris in the basement of the Paddock Merchandising Company here, totally destroyed by fire today.

The men were caught when the roof and two floors collapsed at 9:15.

So far as known, none are dead.

Their cries can be heard, and rescue work is being rushed feverishly, though the flames continue to rage in adjoining buildings.

Fireman James F. Reiley is missing. Hoseman Urie has been located in the basement, with a heavy timber across his chest pinning him down, and he is directing the rescue work.

One fire engine is pumping water from the basement to save the imprisoned men from drowning.

The fire, which broke out at seven o'clock this morning is now under control. Losses estimated so far exceed \$100,000.

## NEW YORK PRICE PROBE IS NOW ON

By Associated Press Dispatch.

New York, December 11.— The Federal Government's inquiry into the high cost of living began here today with preparation for a grand jury investigation of the coal business.

Similar investigations will be made in Chicago, Detroit, Toledo and Cincinnati. These inquiries will be interlocking and will exchange information.

According to Frank Swacker, special prosecutor representing the Department of Justice, the Government has discovered that there has been no real shortage in the supply of anthracite coal at this port and no warrant for the high prices charged by some dealers.

Mr. Swacker said that the grand jury would consider, also, evidence relating to conspiracies in fixing the prices of food commodities.

The committees appointed by Governor Whitman and Mayor Mitchell to seek remedies for the high cost of food will meet this afternoon at the office of George W. Perkins, who is chairman of both organizations.

A big business transaction was completed in this city late Saturday when Mr. George Cox traded his mammoth garage on South Fayette street, to Mr. O. M. Darbyshire, of Sabina, for 322 acres of fine Highland county land. Mr. Cox will move to the farm early in March.

Mr. Darbyshire immediately leased the garage to Mr. Earl Powell, well known agent for the Oakland Automobile, and Mr. Powell is now in full charge of the garage and will continue to operate the business along the high standard maintained by Mr. Cox and son.

Not only is the garage one of the largest in this part of Ohio, but a large business has been built up in the comparatively short time that it has been in existence.

Mr. Powell is a genial young business man of marked ability, knows the automobile business thoroughly, and will devote his entire time to giving prompt attention and first class service.

The farm to which Mr. Cox and family will move is located at Willettville, in Highland county.

## IN SOCIAL CIRCLES

A marriage of decided interest in Washington circles was announced in stunning cards received by relatives and friends in this city Monday.

The cards read:—"The announcement is made of the marriage of Mrs. Arvilla Rowe Baxter to Mr. Louis Weinman on Wednesday, the sixth of December, one thousand, nine hundred and sixteen, in the city of Chicago.

The "At Home" cards announce that "Mr. and Mrs. Louis Weinman will be at home after the first of January, 1315 Dayton Avenue, Alameda, California.

## CHURCHES OBSERVE TUBERCULOSIS SUNDAY

Sunday was observed in the different churches as "Tuberculosis Day," preparatory to launching the Brown- ing Club sale of Christmas Red Cross Seals, on December the 14th.

In all of the churches was given out literature containing statistics in

regard to the terrible inroads the white plague is making, and the work accomplished through the Tuberculosis Societies and the sale of the Christmas seals all of the pastors urged the importance of recognizing and assisting in this work.

At the First Presbyterian church Rev. Wm. Boynton Gage delivered a sermon of exceptional force and originality upon "The Maintenance of Public and Private Health a Christ-

ian Duty." The minister impressed that proper hygienic care of the body was most necessary part of christian life in order that the tenant occupying that body may have the highest use of spiritual, mental and moral faculties.

Jesse Taylor's Death

When Jesse Taylor died, at his home over in Jamestown last week the cause of good roads in Ohio and in the nation, in fact, lost one of its ablest, most conscientious and energetic advocates.  
Mr. Taylor was an optimist and an enthusiast and to cause of good he gave not only the best of his abilities (and he was a man of marked mental ability) but his time and his life. He traveled all over Ohio talking good roads in public meetings and in private conversations. Jesse Taylor talked good roads and worked for good roads not for any financial gain. Indeed working for the cause so earnestly and unceasingly cost him in both his purse and his health.  
The hundreds of miles of improved and paved roads in this section at the present time and the other hundreds of miles contracted for as well as the countless miles to be contracted for and built are a monument to the memory and the faith of Jesse Taylor who believed in and advocated the cause of good roads when others were skeptical and antagonistic.

A Surprise Proposal

One of the most signal proofs of Germany's wonderful power is to be found in the offer which Switzerland news sources are announce, to the effect that the Teutons have offered to help Greece to relieve against the consequences of the sea blockade inaugurated by the Entente allies if the government will cast its lot with the Central Powers in the great war.  
The successes of the Teutons against Roumania and Russia have furnished to the world conclusive proof that the fortunes of Germany and Austria are not at such a low ebb as the Entente Allies had supposed.  
The world need not be surprised, in view of the overt acts committed by the Entente fleets and land forces against Greece to hear that the Athens government has cast its lot with the Central Powers.  
In spite of the promises of protection to the smaller nations, the Entente forces have failed signally when the test came. The smaller nations in the Balkan have been abandoned to their fate by the Allies as soon as the open break came and as a result Germany and Austria have run rampant in the Balkan campaigns, making good every promise and with terrible accuracy carrying every threat of vengeance into execution.

It is not surprising that Greece has so long stood aloof from the Entente forces, in face of fearful pressure, and neither need it surprise the world to see the long and difficultly maintained neutrality broken at last by a declaration from that nation joining forces with the Central Powers.

Red Cross Seal Sale

On the fourteenth, fifteenth and sixteenth of this month and again on the twenty-third, the Saturday before Christmas, the ladies of the Browning Club will conduct their annual sale of Red Cross Seals.  
It is needless to undertake to enter into any detailed description of the enormous work which this Red Cross organization is accomplishing over the world. The funds derived from the sale of these seals find their way, through marvelously efficient organizations of generous, humane and energetic men and women, into channels which benefit suffering humanity. The receipts from red cross seal sales have been growing, year by year, all over the world until now the gross sum is such a large one, the judicious expenditure of which means an inestimable benefit to both the sick and the well.  
With the pennies derived from the sale of seals the Red Cross is able to carry forward with efficiency and thoroughness, its fight against tuberculosis and the result of the fight against the dreaded enemy of mankind has produced results that are astoundingly gratifying.  
No one need have any fear that any of the proceeds realized from the sale of red cross seals will be injudiciously expended. They will be made to produce results in a battle which can never be allowed to stop. That has been conclusively demonstrated.

People should buy liberally. A small percentage of the Holiday expenditures could not be made to better advantage.  
The Red Cross work has been so satisfactory in its results and in its growth that now the proceeds from seal sales are divided. Eighty per cent remain at home for direct use in the local field, ten per cent is given to the state organization and ten per cent only to the national organization which is a part of the parent or world wide organization. No longer is it necessary to pay in proceeds and withdraw for local purposes unless the receipts fall short of meeting local demands.

How much local charity needs assistance, signally blessed with general good health as our community is, need not be dwelt upon, especially at this time, but the opportunity to assist should not be overlooked. The plan admits of such small purchases that it is only its general and wide scope which insures results.

The only burden upon the individual is to remember the red cross seal on Christmas packages and that should not be difficult at this time.  
Remember the seals.

Poetry For Today

THE BRAVEST OF ALL  
The bravest battle that ever was fought!  
Shall I tell you where and when?  
On the maps of the world you will find it not,  
'Twas fought by the mothers of men.  
Nay, not with cannon or battle shot,  
With a sword or noble pen;  
Nay, not with eloquent words or thought  
From mouths of wonderful men!  
But deep in a walled-up woman's heart—  
Of a woman that would not yield;  
But bravely, silently bore her part—  
So, here is that battlefield!  
No marshaling troops, no bivouac song,  
No banner to gleam and wave;  
But oh! these battles, they last so long—  
From babyhood to the grave.  
Yet, faithful still as a bridge of stars  
She fights in her walled-up town—  
Fights on and on in the endless wars  
Then, silent, unseen, goes down.  
O ye with banner and battle shot,  
And soldiers to shout and praise;  
I tell you the kingliest victories fought  
Were fought in those silent ways.  
O spotless woman in a world of shame,  
With splendid and silent scorn,  
Go back to God as white as you came  
The kingliest warrior born!  
—Joanquin Miller.

## What Do The World's Greatest Artists Think Of It!

### ALMA GLUCK.

"I would like to express my delight at renewing my contract with the Victor Talking Machine Company for ten years more.

"During my extensive travels I have had such a vivid illustration of the great work you are doing for the world that it is with the deepest feeling that I say I'm proud to be a part of such a great work, and that I may long enjoy the privilege is my earnest wish.

### LOUISE HOMER.

"The reproductions of the Victor Records are wonderful. It is my great desire now to seal up and preserve a complete set of my Victor Records for my children."

### SCOTTI.

"The improvement in Victor recording during the past years has been so great that a singer is compelled to give the matter of making Victor Records the most serious and conscientious consideration."

### JOHN McCORMACK.

"I believe that the process by which the Victor Records are made is the most perfect of all methods of voice reproduction. I have made records exclusively for the Victor since February, 1910 and my present contract does not expire until February, 1938."

### FARRAR.

"I am delighted to contribute a word of appreciation in favor of the Victor, and congratulate myself that my selections are brought before the public in so admirable a manner, by means of its wonderful merit."

### MARTINELLI.

"I wish to express my appreciation of the splendid series of reproductions of my voice which the Victor Company has made. They seem to me remarkably life-like and faithful."

*In your selection of a musical instrument the opinions of the World's Greatest Artists are of inestimable value to you.*

*They know music. They are THE recognized authorities. And when they say the Victrola reproduces their art absolutely true to life, you can depend upon their knowledge and endorsement. But they go still further. So great is their confidence in the fidelity of the Victrola that they make records for the Victrola exclusively.*

### CARUSO.

"I have an exclusive agreement for twenty-five years with the Victor to make records of my voice. The records made by the Victor process are far superior—in quality of tone, natural reproduction, and in every detail—to those made by any other process in the world."

### SEMBRICH.

"The reproductions of the selections I sang for Victor Records are wonderfully life-like—they reproduce the natural quality of the human voice."

### NELLIE MELBA.

"I have found Victor Records really wonderful reproductions of my singing."

### SCHUMANN-HEINK.

"The Victor today is the most relentless but the most just critic, as it reproduces absolutely what the artist has done."

### FRITZ KREISLER.

"I have recently listened to the Victor Records of my violin playing and have more than ever been impressed by the marvelous faithfulness with which they reproduce, or rather recreate the minutest details of phrasing and every shade of tone-color, in short, the personality of the player.

"Truly, Victor Records are the last word of mechanical reproduction and quite justly does the civilized world all over the globe today look upon them as an inexhaustible source of pleasure and education."

### GADSKI.

"Every true artist consistently endeavors to improve tone production. The quality of my voice in my Victor Records is so perfectly reproduced that when I study I use the m d satsanadarkab I use them as a standard for comparison."

## THRIFT CLUB SAVINGS COME IN GOOD PLAY

Hundreds of Club Members Are Now Getting Their "Christmas Savings."

Today was "Christmas Thrift Club Day" at the Fayette County Bank and the busiest day in the year.

Seven hundred members received checks, specially designed with faces gayly stamped with Santa Claus and his reindeers in the Christmas colors scarlet and green.

Nineteen thousand and eight hundred dollars is the surprisingly large amount amassed by the club members, many of whom, after receiving their checks, redeposited in the form of savings accounts.

Many of the bright checks are intended as Christmas presents and will prove delightful surprises on Christmas morning when the recipients find an unexpected bank account awaiting his or her order.

This is the second year of the Christmas Thrift Club and the Fayette County Bank feels that nothing in its prosperous existence has met with such pronounced success and generous appreciation.

The club was organized with five classes, with deposits of twenty-five cents, fifty cents, one dollar, two dollars and five dollars per week according to the wish of the member.

The small amount deposited each week is so easily made, accumulates so surprisingly and comes in so handily at the Christmas season that its growing popularity is easily accounted for and has more than verified the expectations with which the Bank management established the club.

The Christmas Thrift Club enters upon its third year December 26, and it is expected that the 1917 club will be as much larger than the 1916 club as was this year over last.

## CORN BOYS HOME FROM THE EAST

All Enthusiastic Over Royal Treatment Accorded Them While in Washington and New York—Plans for Next Year.

The Corn Boys and those who made the trip with them, returned late Saturday evening after the most enjoyable trip of their lives, and all are highly enthusiastic over the royal treatment accorded them throughout the entire trip.

It was the biggest trip of its kind ever made, 873 persons enjoying the week aboard train and visiting the ever interesting cities of the East. Only one lad was ill, and he became homesick. He was from Adams county and was all right as soon as the trains left for Ohio.

Dewey Haines, 19, Darke county youth who three times has won the state corn growing championship, attracted more attention in the East than the other lads, because of his remarkable feat, and he was singled out by newspaper men, officials, and others who were interested in the trip.

During their parades in Washington and New York, the streets were kept cleared by the police. Reception committees met the party at Washington and New York, and extended every courtesy. A boat trip up the Hudson was provided by the New York Chamber of Commerce.

Each lad got to shake the hand of President Wilson, who addressed them.

An even larger number of prize winners will be taken on the trip next year, if present plans are carried out by the Board of Agriculture, which asks \$8500 for the work and an additional \$10,000 for a senior corn growing contest, which has never been conducted.

All bills have been paid on the recent trip and refunders to the donors of trips and on the \$60 advanced by adults for their own trips, will be made.

## ACTION BOBS UP AS CATTLE BUYER

Charles Acton, whose name in this city is associated with trouble, has bobbed up again.

Acton was released from the penitentiary a few days ago, and going straight to Waverly he posed as a cattle buyer, got a night's lodging free and departed.

Three valuable fox hounds owned by his host also took their departure the following day, and now the Fox Hunters' Association of Pike county has offered a reward for evidence that will lead to the conviction of the thief. Incidentally they are endeavoring to locate Acton, who temporarily has dropped out of existence.

## DIES SUDDENLY IN THE ENGINE HOUSE

Ward Pine, aged 52 years, for a great many years associated with the Washington Fire Department in the capacity of regular and volunteer, dropped dead at 4:30 o'clock Saturday evening while chatting with members of the fire department at the engine house, death being due to heart trouble, of which he had suffered for years.

Mr. Pine was in the act of seating himself on the front of the motor truck when he plunged forward and died immediately. His heart had ceased to beat before a physician could be summoned.

The remains were prepared for burial and removed to the home of the deceased's brother, Mr. Glenn M. Pine, on E. Market street, where the funeral services will be held Tuesday afternoon at two o'clock, and interment will be made in the Washington cemetery. Rev. Cherrington will officiate.

The deceased leaves four brothers: Charles, Glenn and Bruce of this city and county, and Dudley, of St. Louis. Mr. Dudley Pine is expected to arrive this evening.

Mr. Pine resigned from the Washington Fire Department and enlisted with Company E, Fourth Ohio Volunteer Infantry, at the outbreak of the Spanish-American war in 1898, serving with the troops in Porto Rico. During his service in the army his health became broken and he never fully regained it.
